

Roseheart Exterior Paint Colors

As of: October 9, 2016

Below are the four exterior paint schemes that are used in the Roseheart Subdivision. The original paints were purchased from ICI Paints at 9115 Broadway, San Antonio TX 78217, 210-828-6421. However, ICI has been bought out by PPG/Glidden. They are still at the same location. Since it is now a Glidden product, you should be able to purchase your paint at a Home Depot or other Glidden dealers.

The first word is the house feature, the second is the paint color, and the third is the paint chip color designation with the new designation. The original ICI number is in parentheses.
