

Assisted Living

1. Mother in Law lived there a short time before being hospitalized. Very nice facility, but it is expensive.
2. Incarnate Word Retirement Community is an excellent facility.
3. Incarnate Word - Excellent Facility!

The Forum is an older facility. Competent administrator for 30 assisted living suites. Both parents liked it very much. The Laurels is newer, but very large.

4. Although the living space was much nicer, my parents didn't like it (in comparison to The Forum) because they didn't get as much individual attention. My sister and I moved them to the new location after there was a leak in their suite.
5. Hearthstone - Good management & staff.
6. Sterling House - Good care; great staff.
7. The Laurels at Stone Oak - First Class operation.
